RE: Audit #A-001323

Thank you for participating in the AISC Certification Program. Your fabrication facility has completed a remote assessment for the initial certification process at the location shown above, and you have been granted a conditional certification for the following:

Building Fabricator

Your conditional certification expires on May 31, 2022; please use this letter to confirm your status. Per Bulletin 2020-05.1, you will be required to have an in-person audit once travel is allowed. The Certification Review Group (CRG) will determine your final certification based on the in-person audit findings along with the results of the remote assessment. If approved, you will receive an AISC Certificate and your status on the AISC website will change from Conditional to Certified. If denied, your conditional certification will be withdrawn, and you will be removed from the AISC website.

We have temporarily adjusted our internal processes due to COVID-19 and all correspondence is electronic. At this time, we will not be sending hard copies of this packet. We apologize for any inconvenience this may cause.

Your conditional certification status is available on our website <https://www.aisc.org/certification/> through our Find a Certified Company search.

If you have any questions, please contact us at certification@aisc.org or 312-670-7520. We hope that you stay safe and healthy.

Best regards,

A handwritten signature in black ink that reads 'Todd A. Alwood'. The signature is written in a cursive, flowing style.
